**Department Details**

**Introduction:**

Government Medical College, Akola is the first Medical College in Akola District. It was founded in 2002. The Inauguration of this Prestigious Institute was done at the hands of the then Chief Minister, Hon. Shri. Sushilkumar Shinde in presence of Hon. Shri. Digvijay Khanvilkar on 12th September 2003. The Civil Hospital, Akola, was handed over to Government Medical College, in 2008. The 750 bedded Hospital serves the patients of not only rural and urban area of Akola District but also of the adjoining districts like Amravati, Washim & Buldhana as well. Initially the intake capacity for MBBS admissions was 100 per year. These seats were recognized by Medical council of India in June 2008. Now since 2014 the intake capacity has been increased to 150 seats per year. Post graduate courses have been has also been started in Seven subjects i.e. M.D. Microbiology & M.D. Pharmacology in 2014 followed by M.S. Obstetrics/Gynecology, M.D. Pathology, M.D. Physiology, M.D. Biochemistry, M.D. Forensic Medicine /toxicology in 2016. Mode of admission for Undergraduate and postgraduate courses is through State level Common Entrance test (MHTCET/PGMCET) and All India level common entrance test (NEET). Para medical courses like PGDMLT, BPMT and GNM has also been started. Maharashtra University of Health sciences, Nashik is the affiliating University. In near future the Government Medical College, Akola will turn into a Superspeciality Institute with (160 bedded) Superspeciality Hospital with Departments of Cardiology, Neurology, Nephrology, Cardiothoracic Surgery, Plastic Surgery & Burns and Neonatology has been sanctioned under PMSSY Phase -III. According to the time limits prescribed the hospital will come up in 3 years. The institution is headed by the Dean, Dr, Rajesh Karyakarte.

**Vision:**

Government Medical College, Akola seeks to be a model for health systems in Maharashtra through excellence and innovations in quality medical education, health care services & research. Also seeks to produce Quality Medical graduates & postgraduates who are competent to undertake the responsibilities as a medical professional of first contact who are competent by knowledge, skills & attitude to cater to the preventive, curative and rehabilitative needs of the patients and people at large.
Mission:
Our Moto is to educate, to treat and care & to research.

We are committed to translating the vision into action by:

• Innovation in education that yield lifelong learners & leaders in Health care.
• Imparting affordable, Inclusive quality health care to all.
• Catering to the physical, emotional & spiritual needs of the patients.
• Challenging our students to become forward looking dedicated health care personnel, with competence, integrity and compassion as their hallmarks.
• Instilling in the staff and students value for the life at every stage of its growth and in all its manifestations.
• Inspiring the students to reach out to the poor patients, especially those in the rural areas.
• To develop compassionate, ethically sound health professionals & provide services of the highest order across the health care continuum though:
  • Innovation in education that yield lifelong learners & leaders in Health care.
  • Original research in basic medical sciences and patient oriented discoveries that will benefit humanity.
  • Clinical transformation across the organization that is patient oriented, safe, effective, accountable & transparent.
• Emphasis on quality and values in all endeavors.

Functions and Objectives:
Government Medical college is dedicated to impart quality education to the medical graduate & postgraduate students, to carry out innovative medical research and provide quality health care for the patients through its various speciality departments.
